

## **“Money In Your Pocket”**

Lyrics by Fred Koch and Michael Beacham

Music by Fred Koch

**Chorus:**     **Who’s got some money? *I’ve got some money!***  
                  **Who’s good with money? *I’m good with money!***  
                  **Who’s got some money? *I’ve got some money!***  
                  **Who’s good with money? *I’m good with money!***

Verse #1:     What will you do... when you’ve got money in your pocket (*money in your pocket*)?  
                  What will you do... when you’ve got money in your pocket (*money in your pocket*)?  
                  Will you save it? Should you spend it?  
                  Can you donate, or invest?

**Chorus:**     **Who’s got some money? *I’ve got some money!***  
                  **Who’s good with money? *I’m good with money!***  
                  **Who’s got some money? *I’ve got some money!***  
                  **Who’s good with money? *I’m good with money!***

Verse #2:     What will I do... with that money in my pocket (*money in my pocket*)  
                  I will be smart... with that money in my pocket (*money in my pocket*)  
                  I’ll spend a little bit right away, and save some more for a rainy day  
                  Then I’ll donate to a group I know - invest the rest and watch it grow

**Chorus:**     **Who’s got some money? *I’ve got some money!***  
                  **Who’s good with money? *I’m good with money!***  
                  **Who’s got some money? *I’ve got some money!***  
                  **Who’s good with money? *I’m good with money!***

Verse #3:     What will you do... when you’ve got money in your pocket (*money in your pocket*)?  
                  What will you do... when you’ve got money in your pocket (*money in your pocket*)?  
                  Will you save it? Should you spend it?  
                  Can you donate, or invest?

**Chorus:**     **Who’s got some money? *I’ve got some money!***  
                  **Who’s good with money? *I’m good with money!***  
                  **Who’s got some money? *I’ve got some money!***  
                  **Who’s good with money? *I’m good with money!* (repeat and fade)**
